

who can create superior digital
transfer prints, delivering bold
and precise color?

you can.

working for you.

Superior digital inkjet technology, delivering bold and precise color

Achieve outstanding, consistent color with ElvaJet Opal SB, a low-viscosity, water-based digital sublimation ink from Sun Chemical. Compatible with Epson printheads, ElvaJet Opal SB allows you to print uniform color across all paper types, while safe in the knowledge that brand protection is never a problem. ElvaJet Opal SB is available in 1kg bottles or 2kg pouches for the Mimaki TS300P.

Delivering true ease of use with a simple, uncomplicated start-up process and low maintenance, while also reducing your ink consumption, ElvaJet Opal SB has the potential to truly revolutionize your digital printing processes.

Key performance benefits

- Simple installation and start-up
- Edge IQ technology removes bleeding to achieve sharp edges
- Excellent sharpness and vibrancy
- OEKO-TEX Eco Passport
- High-quality, environmentally responsible color
- Consistent stability over long production runs
- Less maintenance and increased open time
